

Enrollment Day Viadrina

Enrollment Day generally consists of two parts: online and in presence. To be able to take part in the in-presence part, online steps must be done first—either during the live online meeting (better) or with the recording.

Online part:

Online meeting during which we will go together through all the steps of the online part of enrollment. Link to the meeting will be provided on time.

You will need:

- ⇒ A computer/tablet with Internet connection.
- ⇒ Your login data to [viaCampus](#), from the email received earlier.
- ⇒ Your photo (ID format) in .jpg/.png.
- ⇒ Bachelor students: information on your school leaving certificate (Abitur, matura, baccalauréat or whatever it is called in your country), you will need the date, the country and the final grade.
- ⇒ Master students: you will need the same information as above about your bachelor degree.

At the end of the process, a PDF document will be generated, please save it as YourSurname_YourName.pdf and send it per email to: students-in@europa-uni.de before the in-presence part.

In-presence part, at the campus:

You will need to bring with you:

- ⇒ The exact amount of money, in cash, for the semester contribution — you will find this amount in [viaCampus](#) under My Studies/Student Service/Bills and payments.
If you have already paid, bring a printed out proof of payment instead.
- ⇒ Your passport (or ID card, for EU citizens).
- ⇒ EU students: European Health Insurance Card (EHIC)
Turkish students: AT-11 document (if applicable).
